Matching fabric sofa group is available; see 5990 group in the Flexsteel Stationary Catalog.

Available in leather with heavy-thread stitching; see B3990-503. Sofa group in leather with heavy-thread stitching is available; see B3990 group in the Flexsteel Stationary Catalog.

## To Recline

Push on arms and lean against back of the recliner.

## Hidden Power Mechanism

The optional power mechanism for this recliner is located discreetly between the seat and arm to allow for convenient operation. This also allows you to place surrounding furniture close to the recliner without interfering with the release.
